

2021 SPRING COURSES BY CORE 2.0 CATEGORY

advising@montana.edu

Effective for spring classes
as of October 16, 2020

prepared by Academic Advising Center - Gaines Hall 130

for more info: www.montana.edu. MY INFO, Schedule of Core Classes

Spring 2021 Subject Abbreviation & Course Number

UNIVERSITY SEMINAR (US)	Credits	CONTEMPORARY ISSUES IN SCIENCE (CS)	Credits
AGED 140US -- Leadership Dev for AG	3	BIOB 110CS -- Introduction to Plant Biology	3
CLS 101US -- Knowledge & Community	3	BIOE 103CS -- Environmental Science & Society	3
CLS 201US -- Knowledge & Community (30+ credits)	3	BIOM 107CS -- Molecules of Life	3
COLS 101 US -- First Year Seminar (Gallatin College)	3	BIOO 162CS -- Insects & Human Society	3
COMX 111US -- Intro to Public Speaking	3	CHMY 102CS -- Applying Chemistry to Society	3
EDU 101US -- Teaching & Learning	3	CSCI 215CS -- Social & Ethical Issues in CS	3
HLD 121US - Leadership Foundations	3	ECHM 205CS -- Energy & Sustainability	3
HONR 301US -- Texts & Critics II *	4	LIT 202CS -- The Environmental Imagination	3
LS 101US -- Ways of Knowing (varying topics)	3	NUTR 221CS -- Basic Human Nutrition	3
US 101US -- First Year Seminar	3	TE 250CS -- Technology & Society	3
QUANTITATIVE REASONING (Q)		INQUIRY SOCIAL SCIENCES (IS)	
M105Q + M005 -- Contemporary Math Co-Req**	4	AGBE 210IS -- Economics of Ag Business	3
M105Q -- Contemporary Mathematics	3	ANTY 215IS -- Human Prehistory	3
M121Q + M021 -- College Algebra Co-Req**	4	ANTY 225IS -- Culture, Language & Society	3
M 121Q -- College Algebra	3	BMGT 240IS -- Business Research Methods	3
M133Q -- Geometry & Measuremnts for K-8	3	ECNS 101IS -- Economic Way of Thinking	3
M151Q -- Precalculus	4	ECNS 204IS -- Microeconomics	3
M161Q -- Survey of Calculus	4	ECNS 251IS -- Honors Economics *	4
M165Q -- Calculus for Technology I	3	EDU 222IS -- Educ Psych - Child Development	3
M 166Q -- Calculus for Technology II	3	EDU 223IS -- Educ Psych - Adolescent Deve	3
M 171Q -- Calculus I	4	HDFS 101IS -- Indv. & Family Deve: Lifespan	3
M 172Q -- Calculus II	4	PSCI 210IS -- Intro to Amer Gvmt (has major sect)	3
M 182Q -- Honors Calculus II	4	PSYX 100IS -- Intro to Psychology	4
M 273Q -- Multivariable Calculus	4	SOCI 101IS -- Introduction to Sociology	3
STAT 216Q -- Introduction to Statistics	3	SOCI 110IS -- Honors Sociological Inquiry*	3
STAT 217Q -- Intermediate Statistical Concepts	3	SOCI 221IS -- Criminal Justice System (online)	3

****For assistance in registering for math co-req courses, go to Hamilton Hall room 101**

***Restricted Entry - See Dept.**

SPECIAL CONSIDERATIONS - COURSE MODALITY

Students are responsible for knowing what course modality a course is being offered in for spring semester. This guide will help you understand the most common course modalities at MSU so you can make informed decisions on what's best for you.

Face-to-Face or In-person: These classes meet in a physical classroom on campus during defined days and times listed. Teaching styles and content delivery will vary by professor.

Online Synchronous: Course is fully online and has specific meeting days and times.

Online Asynchronous: Course is fully online without standard meeting times. While there will not be weekly meeting times, instructors may incorporate time-bound elements.

Blended: These classes allow us to accommodate students in high demand courses while working within social distancing requirements. In blended classes, students will have both online and face-to-face components. Similar to our face-to-face courses, teaching styles and content delivery will vary by professor. While students are typically assigned their attendance day(s), we encourage you to ask your instructor if you can attend all sessions as space allows. Like our other course modalities, the content delivery in a blended course can vary. Some instructors may review lecture material posted in D2L, others may have students work on group projects and assignments, others still may use the time for open discussion. Even with lecture materials online, we recommend students attend their assigned meeting(s) and any other in-person lectures, help sessions, events offered.

SPRING 2021 CORE 2.0 Courses, continued			
INQUIRY ARTS (IA)		Credits	INQUIRY NATURAL SCIENCES (IN & RN)
ARCH 121IA -- Introduction to Design		3	ASTR 110IN -- Intro to Astronomy: Mysteries of the Sky
ARCH 152IA -- Design Fundamentals II		4	BIOB 100IN -- Organism Function
ARCH 323IA - World Architecture II (Junior standing)		3	BIOB 170IN -- Principles of Biological Diversity
ARTH 201IA -- Art of World Civilization II		4	BIOM 103IN -- Unseen Universe: Microbes
EDU 204IA -- Arts & Lifelong Learning		3	CHMY 121IN -- Intro to General Chemistry
